Eastern Petroleum Supplies are delighted to announce...

The distributorship of Parker Velcon Filtration Division

(as of the 1st of August 2014)

Eastern Petroleum Supplies (EPS) and Parker Velcon (formerly Warner Lewis) have built a strong and close working relationship over many years in the aviation refuelling market. Now, EPS are pleased to supply not only equipment for the aviation sector, but are also able to supply Parker Velcon Industrial product to the UK and Ireland.

With EPS' ISO9001:2008 Certification, experience and knowledge we intend to carry on the high level of service Parker Velcon have provided over the years. As well as Parker Velcon products, EPS will assume distribution of the traditional product lines from Emco Wheaton and Eaton Carter Refuelling Products.

With this partnership EPS will assume control of the Parker Velcon office in Farnborough, Hampshire increasing stock of Parker Velcon, Emco Wheaton and Eaton Carter products in the UK. We are also pleased to announce that Simon Faul and Chris Everitt will become EPS employees and continue to be contactable at the Farnborough office. The telephone and fax numbers remain unchanged.

Now with **two** stock holding locations in the UK and **two** sets of dedicated staff for the UK distribution of Parker Velcon equipment we aim to enhance quotation and delivery times.

The refurbishment of used and worn nozzles, pit valves etc will now be organized by EPS at their Offices in Steeple, Essex. The factory will remain open and functioning as normal, in addition to supplying the new equipment we can manufacture for example, a base for new vessels, slops tanks for drains and painting of equipment for customers to minimize their installation time, to see some examples please visit our website www.easternsupplies.co.uk
