Dear Valued Customers:

Parker | Velcon (Velcon Filters, Warner Lewis, and Velcon Canada) have been associated with quality and leadership in Aviation fueling for over 60 years. As such, we take pride in our business by providing industry leading products, service and delivery to our customers around the world. Therefore, we are pleased to announce our partnership with Cla-Val to provide Ground Fueling Equipment Globally to our customers and partners. We have partnered with Cla-Val as they are a vertically integrated manufacturer located in the United States that provides quick lead times, quality products, competitive pricing, engineering support and field support for a wide array of EI qualified nozzles, couplers, and pit valves as well as other supportive aviation products.

As needs arise, we encourage you to try Cla-Val ground fueling equipment. Parker | Velcon will be able to provide fast delivery of most Cla-Val products due to our partnership and stocking strategy.

Parker | Velcon (Velcon Filters, Warner Lewis, and Velcon Canada) thanks you for your past business and looks forward to growing together.

If you have any questions, please direct them to our Order Entry Department or your respective Regional Sales Manager.

Best Regards,

A handwritten signature in blue ink, appearing to read "Keith McAslan".
